Mr. Edw. A. Wilder, the great dragon, dead at Louisville.

**GENESEE** has passed a bill directing that the world's fair shall not begin later than May 1st 1891.

**CART.** Ed. Porter Thompson is to be private secretary to the Governor, vice Wm. R. Griffis, resigned.

The high water, irregular trains and no Standard packets made the business of this town look dull and sleepy for a few days last week.

The News feels sanguine that its subscription list will reach twenty-five hundred before year's end. Now nature are being added to our list daily.

HARRISONBURG entirely escaped injury from the ravages of the storm. Gratefully and generously she is aiding the Forks of Rough sufferers, who were swept off with the boughs of destruction.

Hon. W. L. Jackson, Judge of the Jefferson county circuit court, died in Louisville last week. Judge Jackson was one of the most eminent lawyers of the state, and filled his position as Judge of the Jefferson circuit court for many years.

This Gold Fortune Gas Company struck a gusher in their well here last Thursday. The well is the most convenient to the city of any that has yet been put down. It is down up to the river bank, almost in front of the town, and when the gas is turned on it lights a gas lamp a half a mile off the head of the cut.

One of those dreaded "oly coups," composed of wind, rain and bale, struck the folks up considerably. The Elm street Methodist church was damaged to the extent of \$4,000, but before 12 o'clock the next day the good citizens of the town made the loss good by individual donations to a sum equal to the loss. That was commendable.

Winchester, Ky., is having a big boom, and it seems to be of that character that it will stay and permanently benefit the town. About half a million dollars worth of property has been damaged, and the insurance companies are paying out, and the local firms are profiting.

Capitals from the East have visited there and agreed to put up manufacturers involving an investment of thousands of dollars. The citizens of Winchester, as an inducement to bring in capital and manufacturers which will give employment to hundreds of mechanics, are contributing of their own money pretty abundantly.

The editor of the Nelson County Record is not for Montgomery for Congress, but he is for Gen. Hill or for most any other man in the district, possibly, before Montgomery. And with the purpose of doing Mr. Montgomery all the injury he can in the race he takes up that pronouncement which has been made by the citizens of Nelson and assumes to draw a great deal from the people that he believes Mr. Montgomery made the promise to Gen. Hill that he would not make the race. He thinks for this, Mr. Montgomery should be defeated, and it within the power of the editor of the Record, the thing shall be done. Not only does he make a laugh hit at Mr. Montgomery, but he takes the New-to-a-candidate attitude, and in an opinion of the subject some time ago, he says, "In our paragraph in a former issue, the Record says: 'Gen. Hill is in the State and Mr. Late Green, who was mentioned as a witness to the conversation, is in the adjoining county to Brackenridge. What's the matter with taking them? Bro. Babbage'?" Really, neither the time nor the subject is so serious that it can't be done.

Mr. J. W. Guthrie has qualified as administrator of Mr. James Sharpen's estate. Mrs. V. Daniel and her daughter, Miss Tilla, will go to St. Louis on a visit in a few days.

Mr. J. W. Saunders, of Meadon county, is here as assistant teacher in Prof. Shadwick's school.

A wagon load of clothing, bedding, etc., was sent to the storm stricken section of the state yesterday.

John M. Clegg, Prof. Shadwick, Judge Adison and several others visited the storm stricken section Sunday.

Mr. James Nohlett was here from Hagerstown, Md., gathering up supplies for the storm sufferers in the state.

Mr. W. B. Wiggin, of Adairville, is here this week assisting Rev. Patric in a protracted meeting at the M. E. Church South.

Judge Adison will not call the magistrates together to make an appropriate to put a bridge across the North Fork of Rough Creek until April court.

The town trustees at their last meeting agreed upon a new charter for the town to provide for a Mayor, Board of Education and other things which makes the place a city in name if nothing more. It had been forwarded to Frankfort for passage.

C. E. LIGHTFOOT.

**THIS IS FROM FRIEND WALTER** is the title of the article.

BRADFORD JUNCTION, March 26, 1890

Mr. J. D. BABBAGE, Cloverport, Ky.

Dear Sirs:—Please find enclosed my check for \$2.50 for your paper, and let me say I never read a better county paper and never my subscription with pleasure.

Yours truly,  
Rich. Watson.

It's Excellent Qualities

Command to public approval the California fruit remedy, Syrup of Figs. It is pleasing to the eye and to the nose, and by gently acting on the kidneys, liver and bowels, it cures the system especially thereby promoting the health and comfort of all who use it.

Those ready ones suffering from the storm and the floods have been promptly and generously aided by our citizens.

The flood situation in the South is alarming and is growing worse every day. At Greenville, Miss., Monday, the levee broke and the town is almost submerged. It is predicted that New Orleans will be swept away entirely.

The Hartford Herald comes to us this week two days ahead of time, containing a full account of the terrible flood in New Orleans, which swept everything in its path in that city and did in this. The Herald says the loss in this country will be \$60,000.

CLOVERPORT's losses by the storm will reach fully \$2,000, and her losses resulting from the two recent floods are unable to give, and are expected to make an additional \$1,000. Much property in the laundry was overflowed, all suffering loss and expense to her citizens.

Judge Wm. Kinney, of Louisville, is building a round for the seat of Judge Wm. L. Jackson, whose death occurred the other day. Mr. Kinney being an old Kentucky county man and about the same age as the late Louisville bar, the News is for him. When Governor Buckner sees this, Major Kinney will be apportioned at once.

The Advertising Bill met with a hard and undeserved fate in the House last week, being laid upon the table by a vote of 36 to 27. There will be no widespread disappearance of the paper, as no more sanguine over its permanence in other States official advertisements are published in newspapers, but in Kentucky, a bit of paper, scattered over with some indecipherable hieroglyphics, and stuck upon a barn door, telephone pole or wayside tree, is deemed all sufficient, and we presume it is so, as the R-representatives of the people have so decided.—Frankfort Capital.

**DEBTNESS CAN'T BE CURED**

by local application, as they cannot track the disordered portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a desire to swallow, which is the best way to cure it. If he is entirely deaf Deafness is the result, and unless the inflammation can be taken out and this restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will cure Deafness.

For one hundred Dollars for any case of Deafness, made by Caudill that we can not cure by taking Hall's Catarrh, \$50. Send for Circulars, free.
